athletes. Did you know that you can make a difference for UCLA sports by setting up a legacy gift and using a variety of assets, such as real estate, cash, stocks, bonds, life insurance policies, and charitable gifts. These gifts can provide you with significant tax benefits and allow you to achieve your philanthropic goals.

In addition to leaving a legacy, you can support UCLA Athletics by participating in the Wooden Athletic Fund, which was established to ensure the continued growth and development of UCLA Athletics. The Wooden Athletic Fund has supported our student-athletes and coaches with over $1 billion in grants since its inception.

Our student-athletes are not only champions on the field but also in the classroom. They are dedicated to achieving academic excellence while working towards their athletic goals. This balanced approach is a hallmark of UCLA Athletics and is reflected in the achievements of our student-athletes.

Coach John Wooden said, "I am very grateful for the support of our fans and donors. They are the reason we are able to continue to strive for excellence."

Thank you for your support of UCLA Athletics. Together, we can make a difference in the lives of our student-athletes and support the continued excellence of our program.
